

**VIA CHIESA BUILDING - SHEET N. 24 PART. 828**

**LOCATION:** Building located in the historical center, with entrance from a narrow alley in via Chiesa, near Largo Santa Maria and a short distance from the Sciarapotamo torrent.

**BRIEF DESCRIPTIVE REPORT OF THE BUILDING:** The building has three floors (ground, first and second). It has a surface area of about 15 square meters per floor, and is presented with parts of the building already collapsed and outside there are serious damages to the structural parts of the load-bearing walls. Inside there are the wooden floor slabs and the roof covering, to be redone. Systems and all internal and external finishes are also to be redone.

**It was not possible to access to the rooms, due to sanitary deficiencies and structural problems of the themselves.**
